NEW HOMES RENOVATIONS RESTORATIONS
(see ad on page 27)

BEFORE

THE GALLERY

Complete Exterior Renovation. This complete exterior renovation brought new life to the home with updated roofing, siding, stonework, and Andersen windows. The addition of a spacious two-car garage ties the transformation together, offering both style and functionality.

Design-Build Modern Farmhouse. This project included the demolition and removal of the existing home and structure to create a modern two-story, 3,950 sq. ft., farmhouse-style home. The scope also involved renovating the existing 5,280 sq. ft. barn.

BEFORE

BEFORE

Outdoor Oasis. Designed and built for repeat Garman clients, this outdoor oasis includes a partially covered paver patio, gas fireplace, grilling station, and firepit. Constructed with low-maintenance PVC materials, it's a versatile space built for entertaining in every season.

BEFORE

Modern Bath Upgrade. A once-dated owner's suite bath was completely reimagined with a modern wet room featuring tiled floors and walls for seamless bathing and showering. A new quartz vanity with clean-lined cabinetry and lighted mirrors completes the fresh, refined look.
